

JOINT CALL ON « CLEAN WATER AND HEALTH »

Within the framework of the **INDIGO Partnership Programme**, an EU-India joint call for proposals on « **Clean Water and Health** » is now open!

Topics:

- 1) Development and applications of membrane technology in water purification/sanitation
- 2) Membrane bioreactor applications at domestic and industrial wastewater management
- 3) Reuse of municipal/ industrial wastewater

One-submission phase: 8 July 2014 - 15 October 2014 (12:00 CET / 15:30 IST)

Expected starting date of projects: Autumn 2015

What is the INDIGO Partnership Programme (IPP)?

The aim of the IPP is to support high quality research and innovation projects involving partners from Europe and India. The INDIGO call for proposals aims at creating new collaborations between Europe and India or strengthening existing ones in thematic areas that address global challenges, thus favoring the development of innovative services and products.

Who can apply?

Applications may be submitted by academics, higher education institutions and / or nonuniversity research establishments. SMEs are also eligible depending on national regulations.

Consortia that wish to apply for funding of a research project within the above mentioned topics, have to consist of at least three partners: two from different European countries, and one from India.

Countries contributing to the Call are: Belgium, Estonia, Germany, India, Portugal.

Partners from other countries than those participating in the IPP Call can join a consortium but have to secure their own funding. In particular, for candidates from **France and Latvia** willing to participate as additional partners, please note that the Latvian Academy of Science and the French Embassy in India can provide support.

What can be funded?

Within the framework of the IPP, research projects with a maximum duration of 3 years will be funded.

Depending on national regulations, the following items can be funded:

- ◆ Mobility
- ◆ Organisation of events
- ◆ Research costs
- ◆ Personnel costs
