Topic: Disaster Resilience & Climate Change topic 1: Science and innovation for adaptation to climate change: from assessing costs, risks and opportunities to demonstration of options and practices

DRS-09-2014

Topic Description

[Topic Conditions & Documents](#)

[Submission Service](#)

Specific challenge:

As the EU, the Member States, Associated Countries and the EU Overseas Countries and Territories (OCTs) progress towards the development of appropriate responses for adapting to climate change, there is a pressing need for developing a coherent research and innovation agenda, to provide:

- The coordination and the clustering of research and innovation activities on climate change impacts, vulnerabilities and adaptation in different sectors, also in relation to long-term risk reduction from extreme weather events;
- A more standardised basis (including transferable, widely applicable tools and methods) for assessing potential

European Research Council

The screenshot displays the European Research Council Participant Portal. The header includes the European Commission logo and the text "RESEARCH & INNOVATION Participant Portal". The navigation bar contains links for HOME, FUNDING OPPORTUNITIES, HOW TO PARTICIPATE, EXPERTS, and SUPPORT, along with a search bar and LOGIN/REGISTER buttons. The main content area features a sidebar with navigation options for Horizon 2020, Other EU Programmes (2014-2020), and FP7 & CIP Programmes (2007-2013). The central focus is a call for proposals for ERC Starting Grant (ERC-2014-STG). Key details include a planned opening date of 11-12-2013, a publication date of 11-12-2013, a total call budget of €485,039,385, and a deadline date of 27-03-2014 17:00:00 (Brussels local time). The status is marked as "Closed". The topic is "ERC Starting Grant" and the reference is "ERC-StG-2014". Below the call details, there are tabs for "Topic Description", "Topic Conditions & Documents", and "Submission Service". The "Objectives" section states that ERC Starting Grants are designed to support excellent Principal Investigators at the career stage at which they are starting their own independent research team or programme. The "Size of ERC Starting Grants" section indicates that grants may be awarded up to a maximum of EUR 1 500 000 for a period of 5 years. The "Profile of the ERC Starting Grant Principal Investigator" section states that the Principal Investigator shall have been awarded their first PhD at least 2 and up to 7 years prior to the publication date of the call for proposals of the ERC Starting Grant.

Call for proposals for ERC Starting Grant

ERC-2014-STG

Planned Opening date	11-12-2013	Deadline Date	27-03-2014 17:00:00 (Brussels local time)
Publication date	11-12-2013	Main Pillar	Excellent Science
Total Call Budget	€485,039,385	OJ reference	OJ C361/9 of 11 December 2013
Status	Closed		

Topic: ERC Starting Grant **ERC-StG-2014**

Topic Description Topic Conditions & Documents Submission Service

Objectives

ERC Starting Grants are designed to support excellent Principal Investigators at the career stage at which they are starting their own independent research team or programme. Applicant Principal Investigators must demonstrate the ground breaking nature, ambition and feasibility of their scientific proposal.

Size of ERC Starting Grants

Starting Grants may be awarded up to a maximum of **EUR 1 500 000** for a period of **5 years**.

However, up to an **additional EUR 500 000** can be requested in the proposal to cover (a) eligible "start-up" costs for Principal Investigators moving to the EU or an Associated Country from elsewhere as a consequence of receiving the ERC grant and/or (b) the purchase of major equipment and/or (c) access to large facilities.

Profile of the ERC Starting Grant Principal Investigator

The Principal Investigator shall have been awarded their first PhD **at least 2 and up to 7 years prior to the publication date of the call for proposals of the ERC Starting Grant**. The effective elapsed time since the award
