#### 1) PROJECT INFORMATION

**Field of expertise related to the topic:** The University of Dąbrowa Górnicza was awarded with A category in economic sciences. The University has participated in many international projects: Erasmus, Horizon 2020 and Visegrad Fund. Year by year this number is increasing and the University makes every effort to provide its students with their interests and needs. The main following research projects are: "The concept of ethics in management processes", "Trends of Business Ethics and Corporate Social Responsibility in Central Europe", "The theory of controlling company processes", "Sustainable business models in creating value of a socially responsible organization - Phase II", "Management of alliance networks", "The role of clusters in shaping the policy of sustainable development".

**Potential contribution to the project:** The University sees that regions, cities, social entrepreneurs and NGOs become more important forms of government. That's why since years University has developed this kind of collaboration and has experience in this matter. The University is ready to analyze and reflection about interactions between organizations in terms of exchanges about good practices and exploring new collaboration. According to the last European Union strategy the University takes into account the problem of sustainability, specially sustainable development and governance. Rich experience let open university to international co-operation and should be alignment with European area.

Research                       Dissemination                       Other  
 Training                               Technology Development

Project idea:

Project description:

Already experience as a Coordinator:  yes  no  
 As a Partner:  yes  no

If "yes", which project:

Other partners in consortium already identified (with countries):

## 2) TARGET COORDINATOR / PARTNER SOUGHT

**Organisation details:**

<input checked="" type="checkbox"/> Higher education / university	<input type="checkbox"/> Industry / SME
<input checked="" type="checkbox"/> Research institution	<input type="checkbox"/> Other
<input type="checkbox"/> NGO	Please specify:
<input type="checkbox"/> Education	

**We are looking for following Expertise / Competencies:**

## 3) CONTACT DETAILS

Contact Person:

Name: Agnieszka Jachowicz

Ms  Mr

Organisation: The University of Dąbrowa Górnicza

Address: Cieplaka 1C Street

Postal code: 41-300

City: Dąbrowa Górnicza

Country: POLAND

Phone: 48 503 194 804

Email: ajachowicz@wsb.edu.pl; jagnajac@gmail.com

Organisation web address: <http://www.wsb.edu.pl/index.php>

Short profile of the Organisation: The University of Dabrowa Górnicza has several years of experience in educating stuents, conducting research and co-operating with state economy. Along with doing research, University is teaching students according to the educational challenges of the modern world. The programs are constantly being updated and broadened, aiming especially at

interdisciplinarity and internationalization. The University being present on local, state and international level, ensures the excellence in the quality and provides wide access to knowledge. Participation in the EU and other international and research projects in the framework of Lifelong Learning Program, Horizon 2020, Erasmus, Erasmus Mundus has grown into multilateral joint agreements with universities in many European countries and Asia. The University co-operates with business sector, including of the biggest Polish employers whose management staff participate in the process of creating study programs as well as take part in the conducting classes.

The University funds individual and team research of young researcher from the scholarship fund. Currently the following selected research projects are conducted: "The theory of controlling company processes", "Differentiating the ways of managing innovation in Polish industrial companies", "Sustainable business models in creating value of a socially responsible organization - Phase II".

Ms Agnieszka Jachowicz, Phd in Economics, managed research project funded by the National Science Centre: "Public-private partnership as a tool of the effective implementation of public tasks". This grant was ended with monography, that was published in Difin warsaw 2015.

Ms Agnieszka Jachowicz worked in self government public unit, meeting problems and difficulties, what confirms her competences in this matter. Ms Agnieszka Jachowicz still extends her knowledge about public finance through taking parts in conferences, even on international level, large publications and being active at the University. Perfecting knowledge and qualities about organisations and running European Union, during training „Staff for Europe” organized under patronate Committee for European Union as well as visit in Eberswalde University for Sustainable Development in Germany, confirm that Agnieszka Jachowicz disposes large possibilities in research work even on international level.

Ms Agnieszka Jachowicz is disabled person on wheelchair and needs assistant help in case of journey and visit.

**Date:** 02.08.2017

**The offer is valid until:** 30.08.2017

I agree with publication of my contact data on "Science with and for Society" network website

YES     NO
